COORDINATED STORMWATER PERMITTING?

CONSTRUCTION

State Permitting

- Wetlands
- Water Quality Cert/CRMC
- UIC/GWD
- RIPDES
1ST QUESTION IS ALWAYS – DO I NEED TO COMPLY WITH THE MANUAL?

REVIEW THIS HANDBOOK
WHAT DO I SUBMIT?

STORMWATER MANAGEMENT PLAN UNLESS – RI PDES ONLY AND CGP SAYS OTHERWISE
A FEW STORIES

- INDUSTRIAL PARKING LOT EXPANSION
- RI COLLEGE
- RIDOT

**MS4 PERMIT**
- MUNICIPAL
  - ridot
  - cities
  - ric

**MSGP PERMIT**
- INDUSTRIAL
  - Landfills
  - Auto recyclers
  - Loading docks

**WETLAND, UIC, WQC REGS AND THE CGP**
- CONSTRUCTION
  - Parking lots
  - Brownsfields
  - New development
BROWNFIELDS (SUBSURFACE CONTAMINATION)
PROCESS – STEP 1 – NO SITE DEVELOPMENT ALLOWED UNTIL RAWP OR RDL IS APPROVED
RED
Hard Cap – no water on the soil – lined BMPs only

YELLOW
Soft Cap or Direct Precipitation is allowed and BMPs with no concentrated flow allowed (i.e. pervious pavers)

GREEN
All RISDISM BMPs allowed

Redevelopment 50% stormwater
RED – No stormwater
Yellow – direct precipitation
Green - Concentrated flow

Note - Yellow can be turned to green in certain cases.
